## **SUPPLEMENTARY INFORMATION:**

### **I. Notice of Final Decision**

OSHA hereby gives notice of the expansion of the scope of recognition of SGS of North America, Inc. (SGS), as a NRTL. SGS's expansion covers the addition of twelve test standards to its scope of recognition. Additionally, OSHA announces the addition of three test standards to the NRTL Program's List of Appropriate Test Standards.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the *Federal Register* in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding and, in the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational webpage for each NRTL that details the scope of recognition. These pages are available from the agency's website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

SGS submitted two applications, one dated February 14, 2018 (OSHA-2006-0040-0049), another dated October 2, 2018 (OSHA-2006-0050), which was revised on March 9, 2019 (OSHA-2006-0040-0051), to expand its scope of recognition to include the addition of twelve test standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

OSHA published the preliminary notice announcing SGS's expansion application and proposed addition to the NRTL Program's List of Appropriate Test Standards in the *Federal Register* on November 5, 2019 (84 FR 59649). The agency requested comments by November 20, 2019, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of SGS's scope of recognition.

To obtain or review copies of all public documents pertaining to SGS's applications, go to <http://www.regulations.gov> or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N-3653, Washington, DC 20210. Docket No. OSHA-2006-0040 contains all materials in the record concerning SGS's recognition.

## **II. Final Decision and Order**

OSHA staff examined SGS's expansion applications, the capability to meet the requirements of the test standards, and other pertinent information. Based on a review of this evidence, OSHA finds that SGS meets the requirements of 29 CFR 1910.7 for expansion of the recognition, subject to the specified limitation and conditions listed. OSHA, therefore, is proceeding with this final notice to grant expansion of SGS's scope of recognition. OSHA limits the expansion of SGS's scope of recognition to testing and

certification of products for demonstration of conformance to the test standard listed in Table 1.

**Table 1**  
**List of Appropriate Test Standards for Inclusion in**  
**SGS's NRTL Scope of Recognition**

<b>Test Standard</b>	<b>Test Standard Title</b>
UL 22	Standard for Amusement and Gaming Machines
UL 430	Electric Waste Disposers
UL 466	Standard for Electric Scales
UL 574	Standard for Electric Oil Heaters
UL 826	Standard for Electric Clocks
UL 1740	Robots and Robotic Equipment
UL 2524	In-Building 2-Way Emergency Radio Communication Enhancement Systems
ANSI Z83.26	Gas-Fired Outdoor Infrared Patio Heaters
ANSI Z21.58	Outdoor Cooking Gas Appliances
ANSI Z21.89	Outdoor Cooking Specialty Gas Appliances
ANSI Z83.7	American National Standard/CSA Standard for Gas-Fired Construction Heaters
ANSI Z21.1	Household Cooking Gas Appliances

In this notice, OSHA also announces the addition of three new test standards to the NRTL Program's List of Appropriate Test Standards. Table 2, below, lists the test standards that are new to the NRTL Program. OSHA has determined that these test standards are appropriate test standards and will include it in the NRTL Program's List of Appropriate Test Standards.

ANSI Z21.89	Outdoor Cooking Specialty Gas Appliances

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL's scope of recognition does not include these products.

*A. Conditions*

In addition to those conditions already required by 29 CFR 1910.7, SGS must abide by the following conditions of the recognition:

1. SGS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in the operations as a NRTL, and provide details of the change(s);
2. SGS must meet all the terms of the recognition and comply with all OSHA policies pertaining to this recognition; and
3. SGS must continue to meet the requirements for recognition, including all previously published conditions on SGS's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of SGS, subject to the limitation and conditions specified above. OSHA also adds one new test standard to the NRTL Program's List of Appropriate Test Standards.

### **III. Authority and Signature**

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on March 18, 2020.
